Breathtaking surround-sound. Vibrant, film-like images. One source.

Meridian Audio Limited, the British manufacturer of internationally-acclaimed luxury audio/video products, now offers the ultimate in home entertainment: the Meridian Digital Theatre.

A perfect solution for the most exacting eyes and ears, the Meridian Digital Theatre combines powerful Meridian digital surround-sound with Emmy®-Award-winning Faroudja High Definition 1080p digital video processors and projectors, delivering the best of both worlds – sound and vision – to the individual who simply requires only the best.

With breathtaking surround sound and vibrant, film-like images – from HDTV sources or from ordinary DVDs – you can now enjoy exclusive movie preview theatre quality right in your home. Both hidden and elegant free-standing loudspeakers are available, and systems offer full home automation integration.

Meridian. Offering the ultimate in both style and performance: nothing else looks like it, or sounds like it. Call **i.life solutions** today. Find out why Meridian is the best choice – when only the very best is good enough.
